

LensCrafted media competition

Image submission guidelines

The aim of the LensCrafted media competition is to see your learning journey through your lens. Whether it be out on a field trip with your classmates or up close and personal learning new tools, we want you to showcase your best imagery.

Ideally we would like you to capture real-world learning experiences that reflect warmth and connection, celebrating the learning journey of ākonga.

No filters, no tricks, no posing.

Smartphone imagery will be accepted like the example on the right.

Minimum image requirements

- Smartphone images will be accepted.
- Minimum dimensions 2400x1600px.
- 150–300dpi images preferred.
- Please upload original quality JPEG or PNG files (1MB+ in file size).
- Make sure subjects are in focus and not blurry.

To make sure your shots will work for our marketing purposes, please photograph subjects with lots of left and right space clear space to allow for additional cropping.

If you have any additional questions regarding image submission guidelines please contact marketing@nmit.ac.nz
